

Business continues its return to normal following the Government shutdown in the U.S., which lasted from October 1 through November 12, a period that coincides with the beginning of the SBA’s fiscal year 2026. The chart on the left below shows SBA 504 loan origination volumes through the end of April, with origination volumes down 8.2% year-over-year. This marks an improvement over the 8.8% YoY decline reported at March 31, 2026. There was also improvement in the SBA’s other major loan program. SBA 7(a) loans, which are now down 21.7% compared to the prior fiscal year through the same date, after being down 25.2% at the prior month end.

Cumulative gross charge-offs for the SBA 504 program have traditionally been very low, as seen in the graph above right. Demonstrating the strong credit quality of this program is the fact that cumulative net charge-offs on 504 loans remain below 1.0% for all fiscal years since 2015, and at 0.2% or below for every fiscal year since 2018.

News Blurb(s) of the Month — President Trump Releases FY27 Budget Request, Marissa Ramirez and Andres Matos - NALCAB Public Policy

April 16, 2026 – President Trump released his budget request for Fiscal Year 2027 on Friday, April 3rd, outlining his Administration’s funding priorities for the upcoming year. This is an important signal of the Administration’s priorities regarding investments in community financing, small businesses, affordable housing, rural development, and more. **While the budget request is an important document, it is not the final say in federal funding.** Congress will ultimately decide how much money programs receive through the federal appropriations process.
